

Spring Medicine

blood in Spring is almost certain to be full of impurities—the accumulation of the winter months. Bad ventilation of sleeping rooms, impure air in dwellings, factories and shops, overeating, heavy, improper foods, failure of the kidneys and liver properly to do extra work thus thrust upon them, are the prime causes of this condition. It is of the utmost importance that you

Purify Your Blood

as when warmer weather comes and the tonic effect of cold bracing air is gone, your weak, thin, impure blood will not furnish necessary strength. When the way for serious disease, ruined health, or breaking out of humors and impurities. To make pure, rich, red blood Hood's Sarsaparilla stands unequalled. Thousands testify to its merits. Millions take it as their Spring Medicine. Get Hood's, because

Hood's Sarsaparilla

One True Blood Purifier. All druggists. \$1.00. Prepared only by C. I. Hood & Co., Lowell, Mass.

AGRICULTURAL NOTES.

There is no better fertilizer for the soil than stable manure.

Over the United States the egg market is glutted at present.

Do not expect too much from a single day test of any cow's milk is variable.

It has been conclusively proven that the single day test of any cow's milk is variable.

The pear orchards of California are badly afflicted by what is known as "cancer blight."

When the market is given all the attention it demands, it is a hard matter for sheep to increase.

Do not feed your poultry too heavy with concentrated food. Better keep their appetites sharp.

Over a hundred new co-operative dairies are under way and about 100 are constructed in Minnesota this year.

The fact that the Jersey's keep up a steady flow of milk with a high degree of butter fat is one of their principal merits as a dairy cow.

Should not the quality of butter fix its price even though it be "creamery?" Some very inferior butter is sold as "creamery."

There is some interest given to agriculture in New York state, there being nearly \$300,000 of the general appropriation bill devoted to it.

To prevent scab on potatoes soak seed one hour and a half in a solution of two ounces of corrosive sublimate dissolved in sixteen gallons of water.

Overfeeding makes the poultry dull, cold, lazy and listless. They soon become out of condition and all kinds of ailments appear with the least exposure.

That dairying in Iowa is taking the place of one will doubt. The saloons are catching on. One enterprising man has out his sign "The Dairy."

Because the Jersey gave more milk, more cheese and more butter than the world's fair, it does not follow that any Jersey cow is superior to any other cow.

There is great satisfaction and real comfort to the man who owns a fine, handsome, well-trained team of well-matched horses. It is certainly a thing of beauty.

Is it not as profitable to the flock-master to cut out all the unprofitable sheep, as it is in dairying to dispose of the poor cow. This seems to be very much overlooked.

At the annual meeting of the National Creamery, Butter and Cheese men, held in Cedar Rapids, Iowa, the name of the association was changed to "Buttermakers" only.

Nearly 8,000,000 dozen eggs were imported from Canada the past year, paying a duty of from 3 to 5 cents a dozen, and the Canadian poultry man will see a profit in the business.

The most experienced horsebreeders

say the day for breeding the general purpose horse is past, and the horse-breeder who neglects this fact will rue the day he entered the business.

The linseed oil trust pocketed the neat little sum of \$894,935.07 as clear profit. It is no wonder the farmers of Minnesota and other Northwestern states talk of co-operative oil mills.

The bill permitting horse racing for but 15 days in the year, and no betting and pool selling allowed, nearly destroys the business in Virginia. A bill prohibiting winter racing was also passed and is a law.

The lady bug has wintered well in California. This is the bug which is the deadly enemy of the woolly aphid. Many orchardists are curious to know whether the little benefactor is here to stay, as last year was its first visit there.

The fact that \$16,000,000 worth of sheep were marketed in 1895, and were eaten as mutton and mostly disposed of from discouragement in the business, not because they were fit for mutton, goes to show that a great many more well-bred and fattened animals would sell.

Growing rape seed should be one of the industries of Oregon, as the demand for this article is becoming so great, having risen from one-half a ton a few years ago to the enormous amount of hundreds of tons now and with the present increase in its use this is a profitable crop for Oregon farmers. Rape seed cannot be grown in the Eastern states successfully and is imported from Europe in large quantities.

THE CREAMERY PROBLEM.

The following report from the Coquille Herald must be very encouraging to those enterprising citizens talking of starting a creamery near Salem:

The large increase in the quantity of milk delivered at the Coquille creamery this year, over that of previous years, over 2000 pounds, is very conclusive proof of the favor this industry has grown into and is receiving at the hands of the dairyman and farmer. The initial supply last year, acknowledged by all to be a large one, was 1200 pounds. This year 3200 pounds constituted the first day's run. These figures speak for themselves. The amount of cash distributed among the dairymen, as per Manager Romander's statement a few weeks ago, published in our columns, makes it cognizant to all that a greater number were benefited, directly and indirectly and more capital, put into circulation, by the Coquille creamery, as also the Arago creamery, than by any other industry of like proportion in the county. Then every year we have the gratifying pleasure of milk furnished increased likewise, the amount of circulating medium, and each farm improved by the addition of many cultivatable acres to meet the demand caused by the increase of milk. If we only had and could secure a few more such industries as that of the Coquille creamery, how soon we would see the transformation of barren lands into tilled fields and farms and the exportations of the Coquille valley increased to such an extent that an ocean steamer would be demanded at once to meet the supply.

Weekly Weather Report.

Weather in Western Oregon—Temperature of freezing and slightly below prevailed the night of March 30 and 31, and in Southern Oregon the night of April 1. Since then the temperature has been higher during the night. Freezing temperatures, at night, are not unusual during March, and they have occurred in April. The day temperature ranged during the week from 44 to 64 deg. Showers occurred on March 30, 31, April 5 and 6; on March 30 and 31 some sleet and snow fell and in many sections snow on trees in full bloom was observed the morning of March 31. The air was very moist during the period of frost, and in many sections clouds or fog prevailed immediately after the frost formation. The precipitation for the week amounted to slightly over one-half inch. A slight earthquake was experienced the morning of April 1.

Crops—The weather conditions were somewhat unfavorable to the fruit. The correspondents differ as to the damage done to the peach. Some are of the opinion that the peach and almond crops are ruined, others that damage has been done, though the crop is not ruined. It will most likely be found that in a few localities damage has been done to the peach and almond crops, but it is not thought that any extensive damage has been done to the peach and almonds; in a few localities the correspondents are of the opinion that slight damage was done by the frost to the cherry and prune crops. While at the present time damage is thought by some to have been done by the frost, it will most likely be found that considerable hand pruning will have to be done to relieve the overburdened trees. Frost has never done great damage to

fruit in Oregon. Cold rains have done damage, but there is no record of any general or material damage from frost alone, except in localities not suited to the early varieties or the more tender fruit.

Plowing and seeding are being pushed with vigor. The soil is in good condition to be worked except on the low lands. Many hop yards are being plowed up and wheat sown. The grass has good growth and pasturage is good. Gardens are being made. In Lincoln county young potatoes are as large as walnuts. The weather has been quite favorable to the growth of all vegetables. Lambing is in progress and a large percentage is being saved. Shearing has been commenced in some localities. Considering all interests it can be safely said that the season opens auspiciously, and bids fair to be a successful year.

Marvelous Results

From a letter written by Rev. J. Gander man, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's new discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Kives Junction she was brought down with Pneumonia succumbing to La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New discovery; it was quick in its work and highly satisfactory in result." Trial bottles free at Fred A. Legg's Drug Store. Regular size 50 cents, and \$1.00

HARD TIMES FACTS.

GOOD READING FOR THE FAMILY CIRCLE.

Every reader of THE JOURNAL should look up the list of premiums given absolutely free with this paper. The WEEKLY JOURNAL at \$1 a year is the cheapest paper on the Pacific coast, yet with it we give yearly subscriptions to any of the following valuable publications, each known to the world as a standard in its field:

The Toledo Blade,
The Queen of Fashions,
Womankind,
The Farm News,
The Child Garden.

These valuable publications are each worth a \$1 a year, yet we give you your choice, one year free, for a \$1.00 subscription to THE JOURNAL, either the DAILY for six months or the WEEKLY for eighteen months. See the list, and don't neglect to profit by it.

Don't be deceived into paying for so-called premiums offered with high priced papers at a slight advance. Remember THE JOURNAL is the cheapest newspaper on the Pacific coast, and it gives you high grade premiums without additional charge.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

County Democratic Convention.

The Marion county democratic convention is hereby re-called to meet at Salem, Wednesday, April 15, 1896, at 11 a. m. for the purpose of nominating a county ticket in full.

J. H. FAIRBANKS,
Chairman of the convention.
SALEM, March 30, 1896. 3 31 td

Electric Bitters.
Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50 cents and \$1.00 per bottle at Fred A. Legg's Drug store.

Let The Whole World Know The Good Dr. Miles' Heart Cure Does

HEART DISEASE, has its victim at a disadvantage. Always taught that heart disease is incurable, when the symptoms become well defined, the patient becomes alarmed and a nervous panic takes place. But when a sure remedy is found and a cure effected, after years of suffering, there is great rejoicing and desire to "let the whole world know." Mrs. Laura Wintger, of Beloit, Kansas, writes: "I desire to let the whole world know what Dr. Miles' Heart Cure has done for me. For ten years I had pain in my heart, shortness of breath, palpitation, pain in my left side, oppressed feeling in my chest, weak and hungry spells, bad dreams, could not lie on either side, was numb and suffered terribly. I took Dr. Miles' Heart Cure and before I finished the second bottle I felt its good effects. I feel now that I am fully recovered, and that Dr. Miles' Heart Cure saved my life." Dr. Miles' Heart Cure is sold on guarantee that first bottle bottle, or money refunded.

Have You Seen the new Pozzoni's Pure Box? It is given free with each box of Powder. Ask for it.

See new cities—enjoy new experiences and become acquainted with new methods of railroading, if you take the Burlington to Omaha, Kansas City, St. Louis or Chicago. Shortest line—best service to all points south and south-east. Tickets and time tables on application to the local ticket agent.

Chickster's English Diamond Brand PENNYROYAL PILLS Original and Only Genuine. Sufferers from Catarrh of the Bladder, Gleet, Stricture, Hemorrhoids, Piles, and all other diseases of the urinary and rectal organs, will find relief in the use of these pills. They are sold by all druggists.

CASTORIA

for Infants and Children.

MOTHERS, Do You KNOW

that Faregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.
